

Every renter can help shape Arizona's future.

Every 10 years, the United States counts everyone living in the country, regardless of their nationality or living situation. This includes renters. If you rent, remember to:

- Count every person living or staying in your home.
- Respond at the address where you were living or staying on April 1, 2020.

Responding to the census provides an accurate count which helps Arizona get funding things like first responders, community centers, food assistance programs and much more

Responding is safe: Your personal data is confidential by law.

Responding is easy: Respond by answering a few questions online, by phone or via mail.
