

# The census helps rural Arizona thrive.

2020 Census:  
why responding  
is important.

**ARIZONA**

United States<sup>®</sup>  
**Census**  
**2020**

# Make sure your town is counted during the 2020 Census.

Across Arizona, nearby healthcare is a top priority. Make sure your town is counted during the 2020 Census. Data is used to determine where \$675 billion in federal funding goes. For example

- > Medical Assistance Program
- > State Children's Health Insurance Program
- > Family violence prevention services
- > Water and waste disposal systems for rural communities
- > Highway planning and construction

**Responding is safe:** Your personal data is confidential by law.

**Responding is easy:** Respond by answering a few questions online, by phone or via mail.
